Community Indicators

Homelessness and Poverty Among Students

	CCD9	MN	NYC
Homeless (N=2,306)	15%	9%	8%
Formerly Homeless (N=985)	7%	5%	4%
Housed, Free Lunch (N=9,497)	63%	51%	60%
Housed, No Free Lunch (N=2,326)	15%	35%	28%

Educational Outcomes of Homeless Students

	CCD9	MN	NYC
Chronic Absenteeism Rate	45%	36%	37%
Dropout Rate	11%	15%	18%
Graduation Rate	53%	57%	52%
Math Proficiency 3-8 Grade	11%	20%	18%
ELA Proficiency 3-8 Grade	12%	16%	14%
Received IEP Late	63%	61%	62%

Affordable & Public Housing

38,126 remaining affordable units

11,423 NYCHA units

2,909 affordable units could be lost from 2017 to 2022

389 affordable units lost between 2005 and 2016

Family Shelters

606 units
34% of Manhattan units
6% of NYC units

21 family shelters
58% of Manhattan shelters
6% of NYC shelters

Neighborhood

27% of households are severely rent burdened

13% of people are unemployed

34% of people work in low-wage occupations

20% of people have less than a high school education

56% of single mothers with children under five live in poverty

Note: The number of homeless students represents the council district where students attend school; homeless students may attend schools in districts where they do not live. Students who experienced homelessness in the last five years is the ratio of currently homeless and formerly homeless students to the total number of students in the district. Formerly homeless students are defined as those who are currently housed but experienced homelessness at any point during SY 2010-11 to SY 2014-15. Chronically absent students are those who miss 20 or more school days in a school year. Late IEP is defined as received after Kindergarten. Data represent a cohort of students who entered Kindergarten in SY 2010-11 and received an IEP at some point during the next five years. Math and English proficiency rates refer to students who score a 3 or above on the New York State Education Department Math and English Language Arts tests. Dropout and graduation data represent the four-year dropout and graduation rates for students who entered high school in 2011 and experienced homelessness at any point during their high school career. Low-wage occupations are defined as those with annual median salaries at or below \$28,583, which is 150% of the Federal Poverty Level for a family of three in 2014. Households that are severely rent burdened spend 50% or more of their income on rent. Districts 8 and 34 are split between boroughs, and the numbers used in the borough rankings are for the section of the district that falls in that borough. Percentages may not add to 100% due to rounding.
