Top Five Districts for Homeless Student Transfers

Number of Homeless Students
Transferring Mid-Year by School
SY 2014-15

For homeless students, mid-year transfers are common. Over one out of every five homeless students transfers school mid-year.

Homeless students also represent a significant proportion of all mid-year transfers in New York City. One out of every five students who transferred school mid-year in SY 2014-15 was homeless, over two times the overall citywide rate of homelessness (8%).

The top five school districts for the number of homeless students transferring mid-year were all in the Bronx (Hunts Point, Highbridge, Bedford, Williamsbridge, and East Tremont; Districts 8, 9, 10, 11, and 12).

Note: Data are by school district and do not include schools in non-geographic districts. Transfers by school are shown for the top five school districts with the highest numbers of homeless students transferring into or within the district mid-year in SY 2014-15. Map shows different movement patterns than were depicted in the *2015 Atlas of Student Homelessness*.
