Human Services

Using Dashboards to Make Human Services Data "Human"

ICPH Beyond Housing 2020
Session 2.12

Presented by:

Lisa Kessler

Data Analyst

Allegheny County Department
of Human Services

Courtney Lewis

Transition Age Youth System Coordinator

Allegheny County Department
of Human Services

Agenda

- Facts about Allegheny County
- Introduction to Allegheny County Data Warehouse
 - Analytic and decision making tools
- Dashboard examples
- Youth Experiencing Homelessness Case Conferencing: using dashboards and data in practice
- Questions

Allegheny County Fast Facts

- Population: 1.2 million
- Median household income: \$58,383
- Median property value: \$163,300
- Percent below the poverty line: 12.5%
- Percent without health insurance: 3.9%

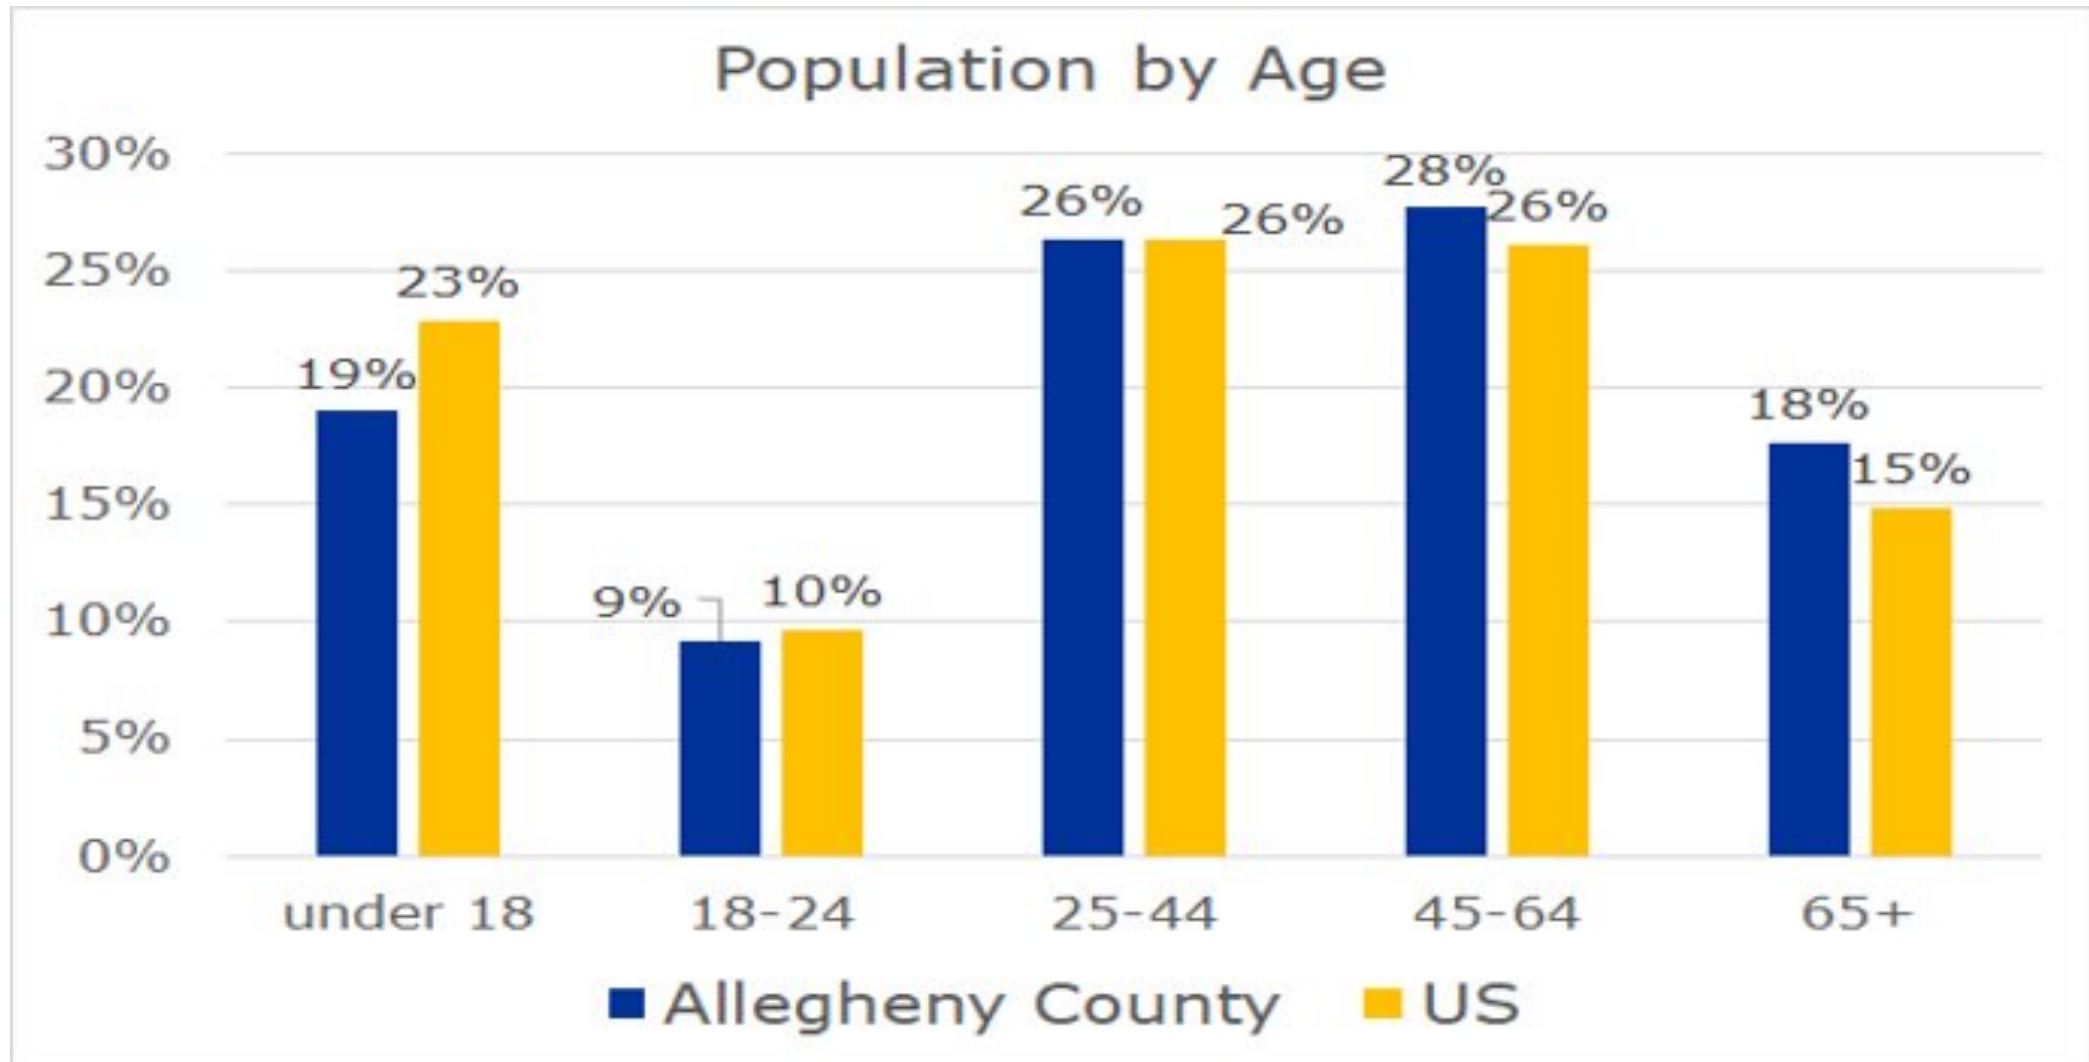

Allegheny County Demographics

Population by Race

Allegheny County Demographics

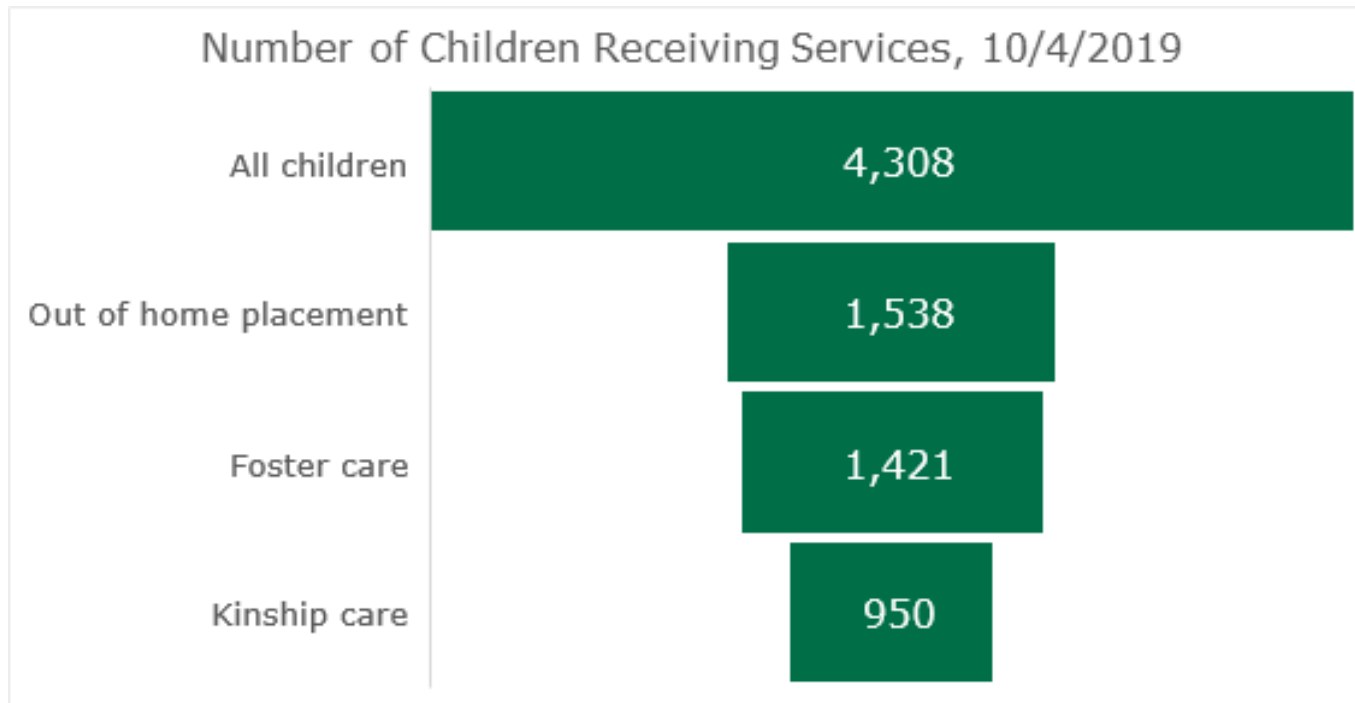

Allegheny County Department of Human Services

- DHS serves 1 in 6 residents (~200,000)
- ~\$1 billion annual budget
- Services for:
 - Older adults
 - Mental health
 - Drug and alcohol
 - Child protective services
 - At-risk child development
 - Homelessness and housing
 - Individuals with intellectual disabilities (...and more)

Allegheny County DHS – Children, Youth and Families (CYF)

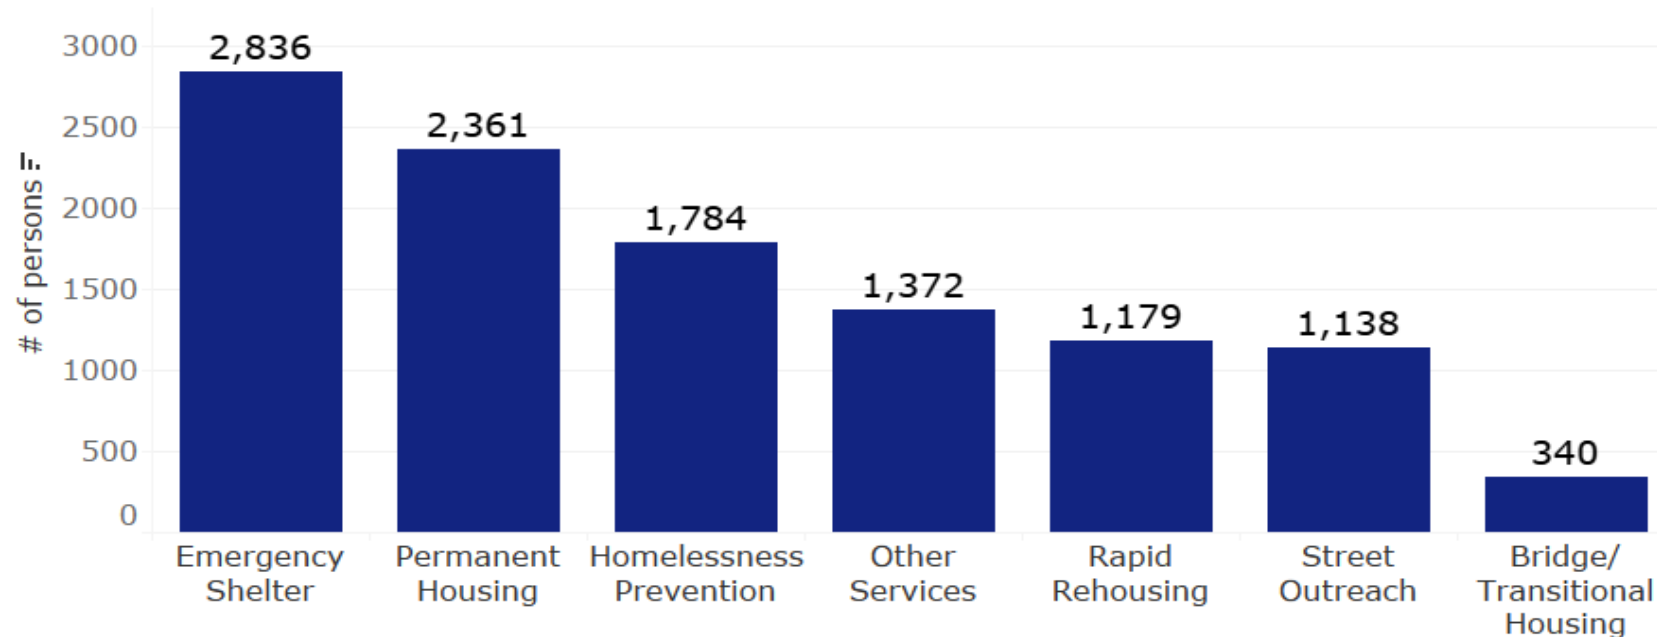

- ~\$300 million budget
- In 2018, 16,233 calls of suspected abuse/neglect
 - 46% assigned for investigation
- 8,273 children and 12,039 adults served in 2018
- 2,001 families receiving services as of 10/4/2019

Allegheny County DHS – Bureau of Homeless Services

- ~\$30 million budget
- ~31,000 calls received in 2019 for homeless service referrals
- 2019- 10,000+ unique individuals served in 60+ programs

Number of People Served in CY2019

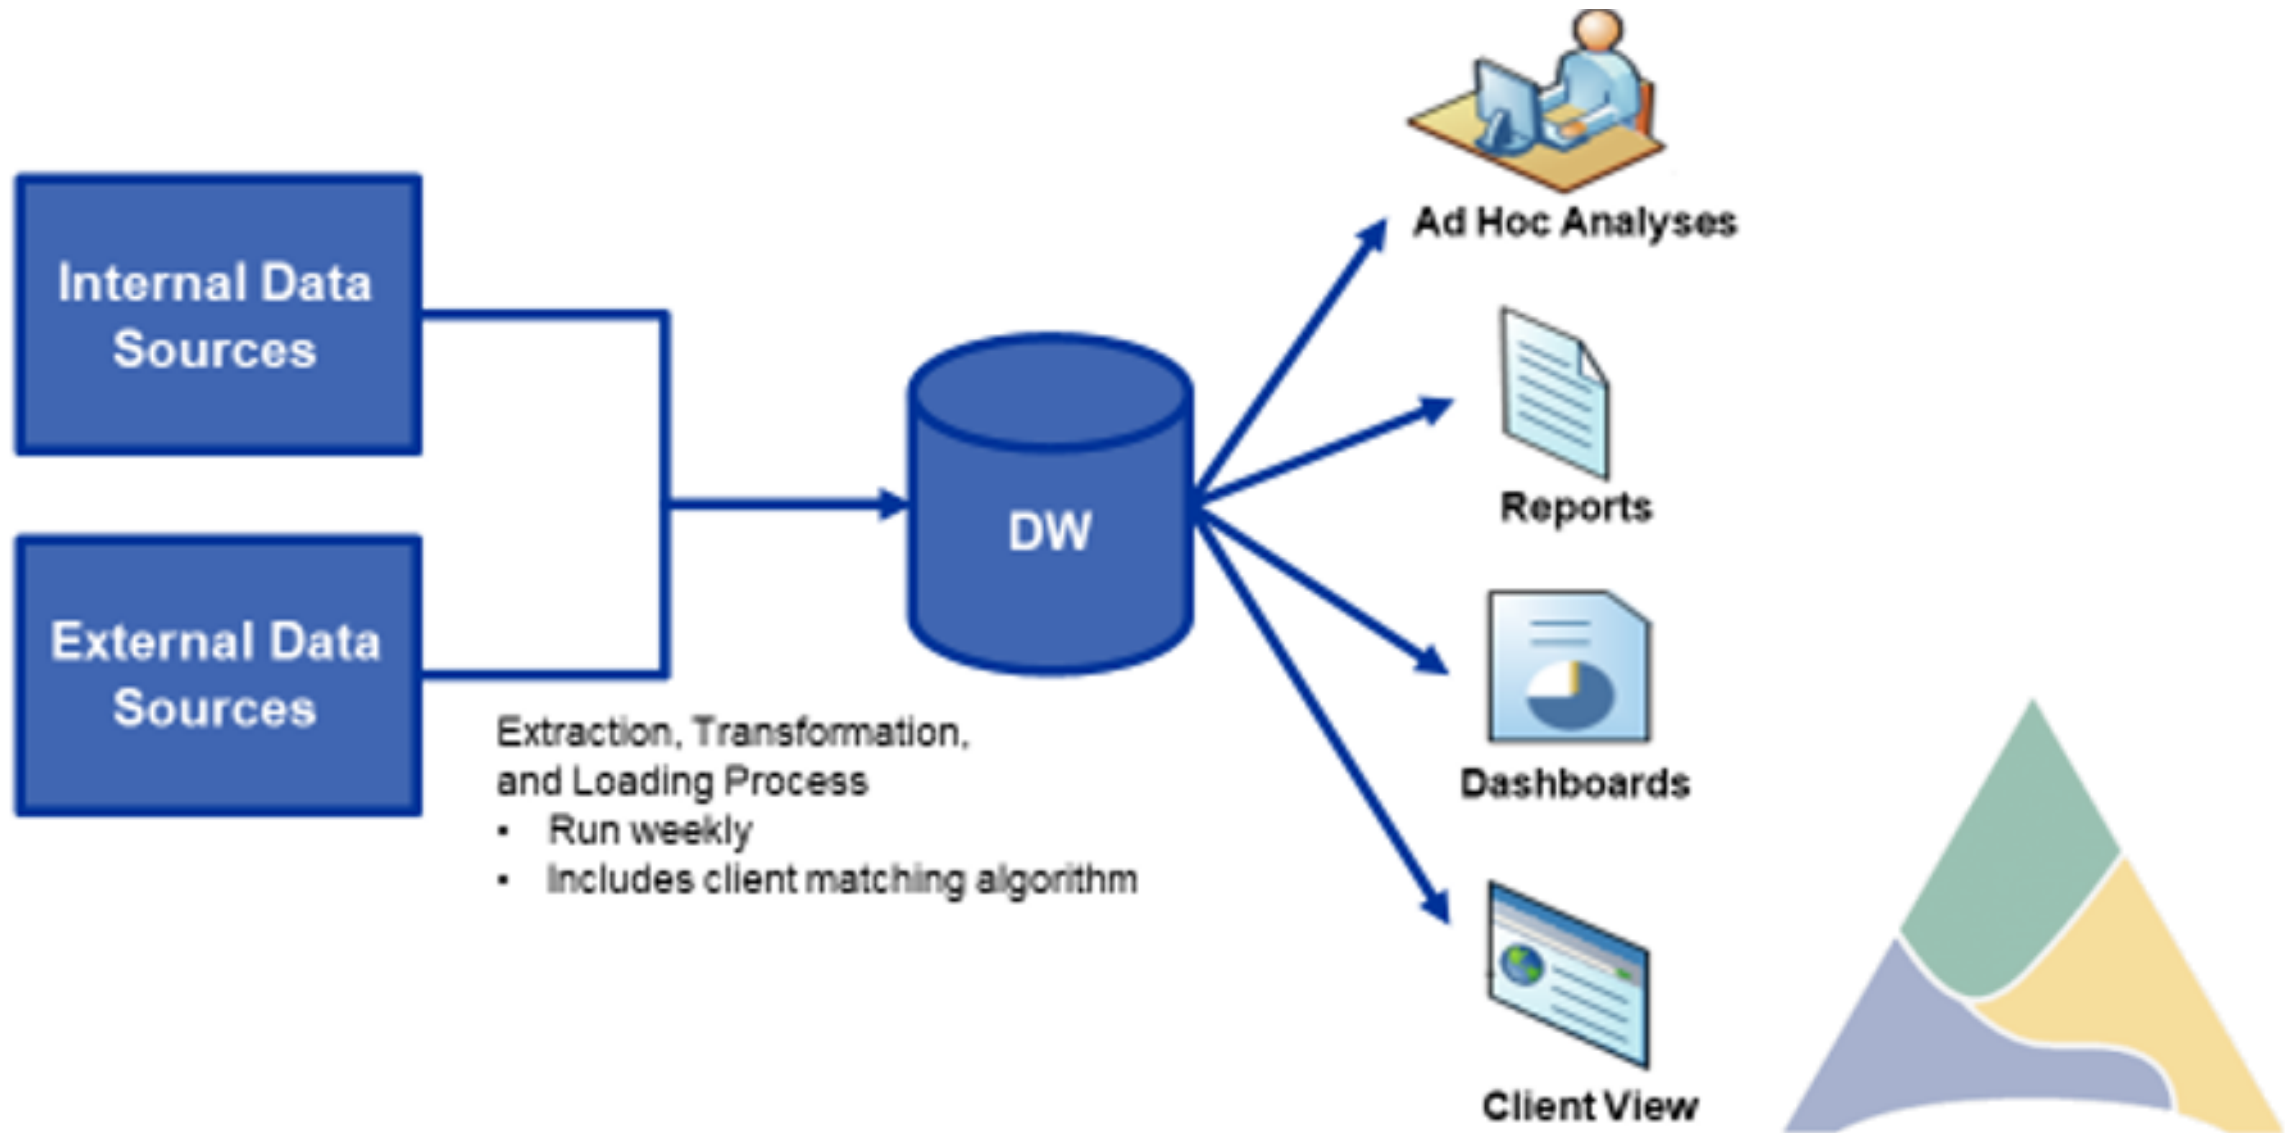

Allegheny County Data Warehouse

- Operational since 2001
- Contains person-specific information and service activity from internal and external sources loaded into the central data area
- Once client data is loaded, each client is assigned a unique identifying number so all client specific data can be pulled together

Data for Internal Use

Screening Score **2** Historical Screening Scores

Family Screening Score

[Recalculate Screening Score](#)

The purpose of the **Family Screening Score** is to use information collected by DHS and other partners to inform screening decisions. The **Family Screening Score** is calculated by integrating and analyzing hundreds of data elements on each person related to the referral to generate an overall **Family Screening Score**. The score predicts the long-term likelihood of re-referral, if the referral is screened out without an investigation, or home removal, if the referral is screened in for investigation.

If the **Family Screening Score** meets the threshold for "mandatory screen-in," the call must be investigated. In all other circumstances, the **Family Screening Score** provides additional information to assist the Call Screening Unit in making a call screening decision and should not replace clinical judgement.

The **Family Screening Score** is only intended to inform call screening decisions and is not intended to be used in making investigative or other child welfare decisions.

Opioid-Related Overdose Deaths in Allegheny County, 2015-2016 Update

Opioid-Related Overdose Deaths in Allegheny County: Report and Data Visualizations

Allegheny County is experiencing opioid-related overdose rates higher than in the state and in the U.S. In 2016, 93 percent of overdose deaths in the County were opioid-related and 2016 represented the third consecutive year in which the number of fatal overdoses was higher than in any prior year. An increase in the presence of

Data for Public Use

The screenshot displays the QuickCount web application interface. At the top left is the QuickCount logo, and at the top right are links for 'Contact Us' and 'Help'. Below the header is a navigation bar with five main filter categories: 'TIME PERIOD*', 'PROGRAM*', 'DEMOGRAPHICS OPTIONAL', 'GEOGRAPHY OPTIONAL', and 'POLITICAL DISTRICT OPTIONAL'. Under 'PROGRAM*', there are sub-options for 'PRIMARY PROGRAM*' and 'COMPARISON PROGRAM'. The 'COMPARISON PROGRAM' is currently selected, and a 'PROGRAM FILTER' dropdown is visible. On the right side, a 'Filters Applied' panel shows the following selections: 'Time Period' set to 'Calendar Year 2018', 'Primary Program' set to '(Active) Allegheny County Jail Booking', and 'Comparison Program' set to '(Ever Active) Mental Health Services (All)'. The main content area features a left sidebar with a category list including 'Child Welfare', 'Criminal and Juvenile Justice', 'Early Childhood and Education Services', 'Homelessness and Housing', 'Older Adults', 'Physical and Behavioral Health' (which is highlighted), 'Self Sufficiency', 'Vital Statistics', and 'All Human Services'. The main panel shows the 'Physical and Behavioral Health' category selected, with radio buttons for 'Active' and 'Ever Active' (the latter is selected). A 'Download' button is present in the top right of this panel. The content is organized into sections: 'Physical and Behavioral Health' (with a description), 'Physical Health (Medicaid Funded)' (listing Physical Health Emergency, Inpatient, Long Term Care, Primary Care, and Other Outpatient), and 'Behavioral Health' (listing 'Mental Health Services (All)' which is highlighted in blue, and 'Mental Health Services (Medicaid)' and 'Mental Health Services (uninsured)'). At the bottom, there are navigation buttons: 'Previous Step Time Period', 'Get Count', 'Reset Selection', and 'Next Step Demographics'. A 'Quick Count link' is also visible in the bottom right corner.

Allegheny County Child Welfare Placement Information

Data and Definitions

Click here to learn about data sources and definitions.

Placement Dynamics

Learn about the number of children in out-of-home placement and the dynamic between entries and exits.

First Entry in Out-of-Home Placement

Learn about the demographics of youth entering their first out-of-home placement.

First Placement Types for Out-of-Home Placement

Learn about where youth are living when they first enter out-of-home placement.

Majority Placement Types for Out-of-Home Placement

Learn about where youth are living the majority of their time in out-of-home placement.

Out-of-Home Placement Exits

Learn about where youth go when they exit out-of-home placement.

Re-entries

Learn about how many youth re-enter out-of-home placement within 1 year of exiting.

Data and Definitions

About the Dashboard

This interactive dashboard provides information about out-of-home placements in Allegheny County, including the child welfare caseload, characteristics of children in placement and details of children's placements: what type of placements were used, how long children stayed there, where they went after their placement ended (exits), and how many returned to the child welfare system after returning home (re-entries).

About the Data

This dashboard uses data from the Allegheny County Key Information and Demographics Systems (KIDS), the County's child welfare case management system, which includes details about individual demographics, case activity, services received, family plans, and assessments. Cleanup of the data, technical assistance, and analysis support was provided by Chapin Hall, an independent policy research center. Data was updated in October 2018 and will be updated every year.

Definitions

Adoption: The legal transfer of parental rights and responsibilities from the birth parents to new parent(s)/caretakers.

Congregate care: Out-of-home placement in a non-family setting such as a group home or residential care facility.

Entry: An entry into an out-of-home placement spell paid for by child welfare. An individual child is counted each time he/she enters out-of-home placement in a given year.

Exit: An exit from an out-of-home placement spell. Exit destinations include home reunification, adoption, permanent legal guardianship, and non-permanent exits (aging out/reaching age of majority, runaway, and emancipation). An individual child is counted each time he/she exits out-of-home care in a given year.

First placement: The first placement setting a child experiences in the first out-of-home placement spell.

First Entry: The first out-of-home placement spell, a subset of entries.

Foster care: Out-of-home placement in a family setting with non-relatives.

Independent living: Out-of-home care for older youth transitioning from the foster care system; may be in scattered-site or semi-supervised apartments, clustered or supervised apartments, or shared homes.

Kinship care: Out-of-home placement with a family member or friend of the family.

Length of stay: The amount of time a child spends in one placement spell.

Majority placement: Placement setting in which a child spends greater than 50 percent of his/her first placement spell.

Non-permanent exit: A child's exit from a placement due to aging out/reaching age of majority, running away, or emancipation. These types of exits are considered less positive than permanent exit types.

Out-of-home placement: A temporary home for a child who, for safety reasons, must live away from his/her home of origin. Placement types include congregated care, foster care, kinship care, and independent living.

Permanent exit: A child's exit from an out-of-home placement to a situation considered to be permanent. Permanent exit types include home reunification, adoption and permanent legal guardianship.

Permanent legal guardianship (PLC): A court-approved permanent exit from a child welfare out-of-home placement. PLC may be appropriate for children who cannot be reunited with their parents or for whom adoption is not possible. PLC does not require parental consent and parental rights need not be terminated.

Placement setting: The type of environment in which a child resides while in out-of-home care. Placement settings include congregated care, foster care, kinship care, and independent living.

Placement spell: Continuous period of time during which a child is in out-of-home care, from entry to exit. A single spell may contain multiple placement settings. Also referred to as "spell."

Point-in-Time Count: The number of children in out-of-home placement at one specific point in time.

Reach Majority: Youth who has reached the age of 18 and has not requested the court to retain jurisdiction.

Re-entry: Entry into out-of-home placement within one year of exiting their first placement spell.

Examples: Clients Using Allegheny County Homelessness Programs

[Dashboard Link](#)

In Practice: Youth Experiencing Homelessness

- Collaborative cross-system meetings held biweekly
- Review data from dashboards: young people ages 18-24 receiving homeless services
- Goals:
 - Work together to think holistically about how to connect client to housing and keep them stably housed
 - Catch when people could fall through the cracks – system is not designed to fit every person's needs
 - Generate creative solutions and ask for exceptions when appropriate

In Practice: Youth Experiencing Homelessness

Case Conferencing Process

1. Introductions & Confidentiality Agreement
2. Review of Master List from dashboard
3. Tier selected cases by risk level
4. Group discussion on selected cases: utilize staff knowledge and Client View
5. Commit to action steps
6. Send notes with highlighted action items
7. Follow-up at next meeting

In Practice: Youth Experiencing Homelessness

Case Conferencing Stakeholders

Client level (direct)

- Coordinated Intake
- Street Outreach
- Rapid Re-Housing & Permanent Supportive Housing
- Homeless Shelters

System level (indirect)

- Housing Navigation
- Child Welfare
- Child/Adult Mental Health
- Adult Homeless System
- Youth Homelessness Demonstration Program Manager

In Practice: Youth Experiencing Homelessness

Case Conferencing Stakeholders

- 412 Youth Zone (Drop-In Center)
- Youth Support Partners (Peer Support)
- Kids Voice (legal representation for youth formerly in foster care)
- Community organizations

In Practice: Youth Experiencing Homelessness

412 Youth Zone

- One-stop comprehensive center
- 80+ partners
- Youth ages 16-23 transitioning from foster care or experiencing housing instability
- 1,466 youth receiving services (FY 18-19)
- Voluntary services to help youth achieve their goals for transitioning to adulthood

In Practice: Youth Experiencing Homelessness

412 Youth Zone

- Drop-In Center
 - On-site medical clinic (Children's Hospital of Pittsburgh)
 - Outpatient therapy
 - Laundry/showers
 - Meals and food pantry
 - Open every day, except holidays
 - Programming calendar with 6-8 activities per day (groups, provider office hours, fun activities)
 - Field trips every Saturday

Noah Brode / 90.5 WESA

In Practice: Youth Experiencing Homelessness

412 Youth Zone

Coaching/case management

- Staff includes Youth Coaches, Supervisors, Support Staff, Therapists
- Coaches meet with youth at Drop-In Center and in the community
- Coach youth on achieving their individualized goals
- Areas of focus: employment, education, housing, parenting, vital documents, MH treatment, finances, healthy relationships

In Practice: Youth Experiencing Homelessness

Youth Support Partners (YSP)

- Full-time peer support staff with lived experience
 - 35 Youth Support Partners
 - 5 Youth Voice Specialists
 - Served 550 youth (FY 18-19)
 - 90% engagement rate
 - Full-time salary and benefits

In Practice: Youth Experiencing Homelessness

- Stakeholders at the meetings use the youth master list fields
- Manual fields added by the group after conferencing:
 - 3 tier risk level
 - Date of last case review
 - Case notes/action steps

In Practice: Youth Experiencing Homelessness

Tiers	
3	High risk. Sleeping on the street and/or in a highly vulnerable situation.
2	Moderate risk. Safe place to sleep but making limited progress toward stable housing.
1	Low risk. Anticipate being housed within the month.

In Practice: Youth Experiencing Homelessness

Examples of Team Solutions

- Connecting clients most in need with crisis housing / single room occupancy units
- Implementing creative engagement strategies (Youth Support Partner) to connect youth to resources
- Adjusting assessment risk score with new information (example: sexual exploitation)
- Communicating across systems to reconnect clients to previous workers or providers (service coordinators, mentors, lawyers)

In Practice: Youth Experiencing Homelessness

Examples of Team Solutions

- Referring to supports outside of homeless system (examples: mobile mental health team, post-foster care supports, disability benefits)
- Aligning team communication – so everyone is sending the same message about next steps
- If barriers are multi-system – referring for Integration and Teaming Meeting

In Practice: Youth Experiencing Homelessness

- What client wants to achieve for themselves is paramount
- Nothing about them, without them
- Data is not a standalone solution
- Data and dashboards can...
 - Streamline communication
 - Identify gaps
 - Prevent/overcome barriers
 - Reduce friction in navigating the system
 - Align system information and resources so client can make informed choices

Thank you!
